

Help shape the future of *La Quinta!*

HIGHWAY 111 STAKEHOLDERS WORKSHOP GENERAL PLAN UPDATE

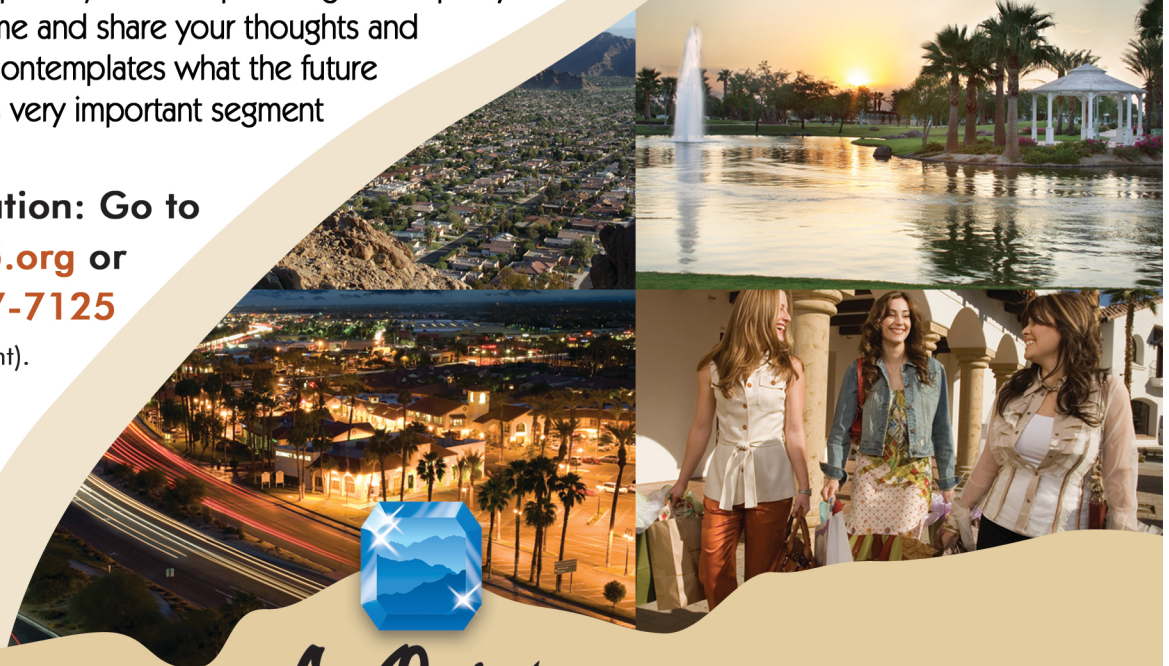

WEDNESDAY, MAY 26, 2010

3:00 p.m.

Session Room at La Quinta City Hall
78-495 Calle Tampica, La Quinta

The City of La Quinta is currently working on the 2035 General Plan Update. As the commercial center of La Quinta, Highway 111 is an important part of our community and will have a special focus in the update process. The City is seeking input from businesses and property owners along the Highway 111 corridor on topics such as land use, mixed-use development, streetscape design and quality of life. Please come and share your thoughts and ideas as the City contemplates what the future might hold for this very important segment of La Quinta.

More Information: Go to
